

**Prof. Mageda Sharafeddin**  
**Phoenicia University**  
**Faculty of Arts and Sciences**  
Coordinator of the Computer Science Department  
Zahrani District, Lebanon

## Letter of Recommendation

To Whom it May Concern:

I am Dr. Mageda Sharafeddin, Coordinator of the Computer Science Department in the Faculty of Arts and Sciences in Phoenicia University. I have been teaching at this university for 4 years in the area of programming, computer architecture and operating systems.

I have known Bassel Bazzoun for 4 years. Bassel has completed two programming courses and the operating systems course with me in Phoenicia University. Bassel is a hard working student who takes his professional responsibilities seriously and delivers his completed academic assignments, tasks, and projects on time. He has done very well in my courses and I am very pleased with his progress.

In addition to his good academic standing, Bassel has a great impact on the class environment. He is willing to help classmates with their technical issues such as installation and setup of software, sharing relevant tools and technical material related to course topics and projects. He often helped the IT team during lab experiments, for my course, ensuring that the setup is complete.

Bassel is a great team player, an asset in graduate schools and research settings. He is hard working with great enthusiasm about computer science. I therefore recommend him for graduate studies in your university.

Should you require any additional information about Bassel, I would be glad to help. I can be reached via email: [mageda.sharafeddin@pu.edu.lb](mailto:mageda.sharafeddin@pu.edu.lb).

With best regards,

Mageda Sharafeddin
